

Elcometer 8722 Precision Balance

Elcometer 8722 Precision Balance

Elcometer 8722 Precision Balance

The Elcometer 8722 Precision Balance is an accurate, stable and robust balance which can be supplied with or without a plastic draft guard for higher accuracy of measurements.

The Elcometer Precision Balances are protected against spray and dust according to the IP54 standard.

With the cable accessory, the Elcometer 8722 can be connected to a computer for accurate recording of your data.

A range of User programmable metric and imperial measurement units can be displayed.

Balances

Elcometer offers a range of laboratory scales for accurate measurements during the development of a coating. The Elcometer range of balances provides the user with a choice of standard, analytical or precision balances, with or without an enclosed cabinet.

At a glance

- Accurate, stable and robust
- Higher accuracy obtained with optional plastic guard
- Protected against spray and dust as per IP54 standard
- Accurately record the data through a
